6 PLACES TO SUBMIT SITE FOR INDEXING

AND STEP-BY-STEP SCREENSHOTS

BY RENEE' GROSCHREUTZ

6 PLACES TO SUBMIT YOUR BLOG

1. [Google ADD URL](#)
2. [Yahoo/Bing](#)
3. [Submit Express](#)
4. [Free Web Submission](#)
5. [All Site Cafe](#)
6. [Add Me](#)

These six sites will add and feed your new listing into 200-300 other directories. Depending on the nature of your website/blog, there may be products or service-specific-search-engines you may want to also consider. The process of getting your site listed is a relatively slow one. Unfortunately, usually take 4-10 weeks before you start showing up everywhere.

GOOGLE SUBMIT URL

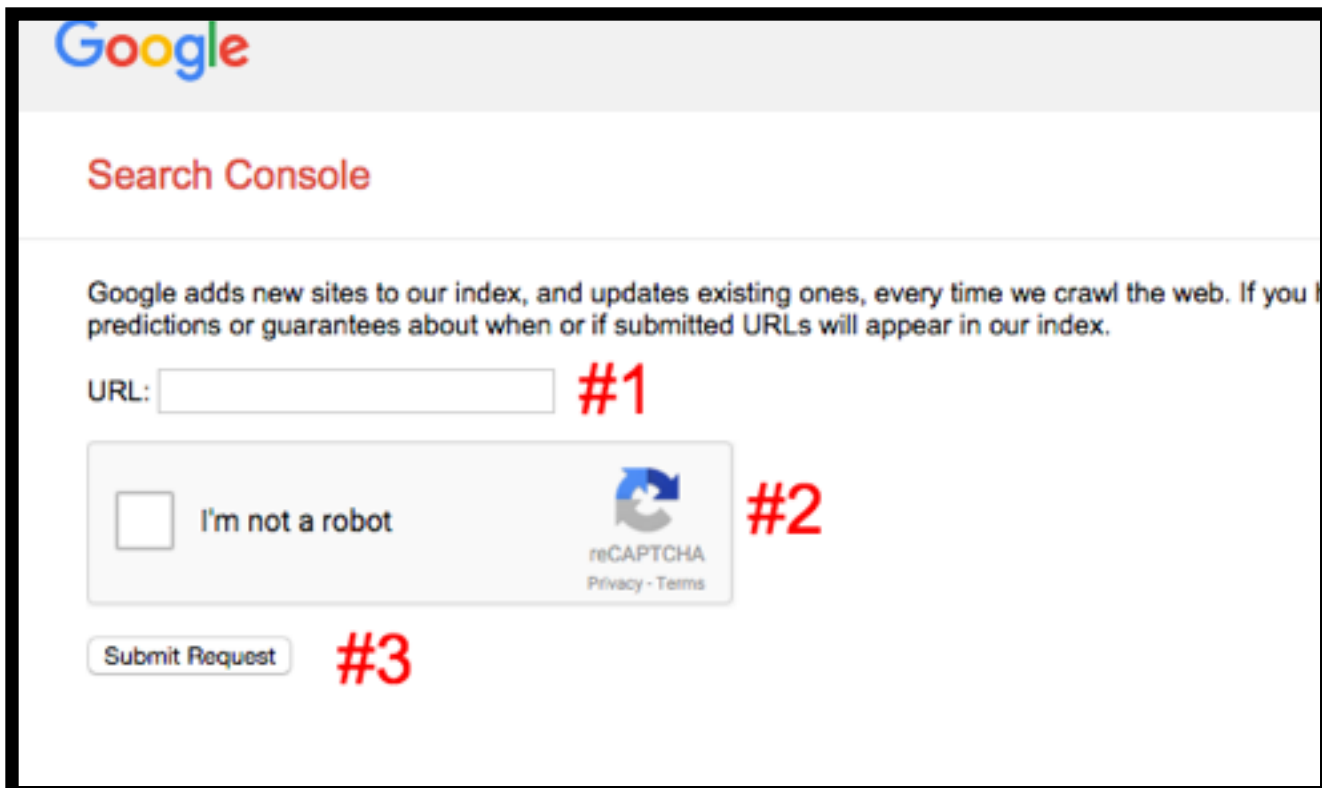

How to Submit a Link to Google:

You will need to log into your Google account to submit your url. If you do not have a Google account, this is a good time to create one. The easiest way is to go to [Gmail.com](https://mail.google.com) and create an email account. Then you can use that account for your additional submissions in the list.

The good news is that this is one of the easiest submissions to make. As a side note, if you make a change to your content on a page, you should consider resubmitting the page to Google. Currently, I am in the process of updating this very blog post that you reading. When I am done, I will resubmit it.

Click here: <http://google.com/addurl> (Note: If you are not logged into your Google account, it will prompt you to login.)

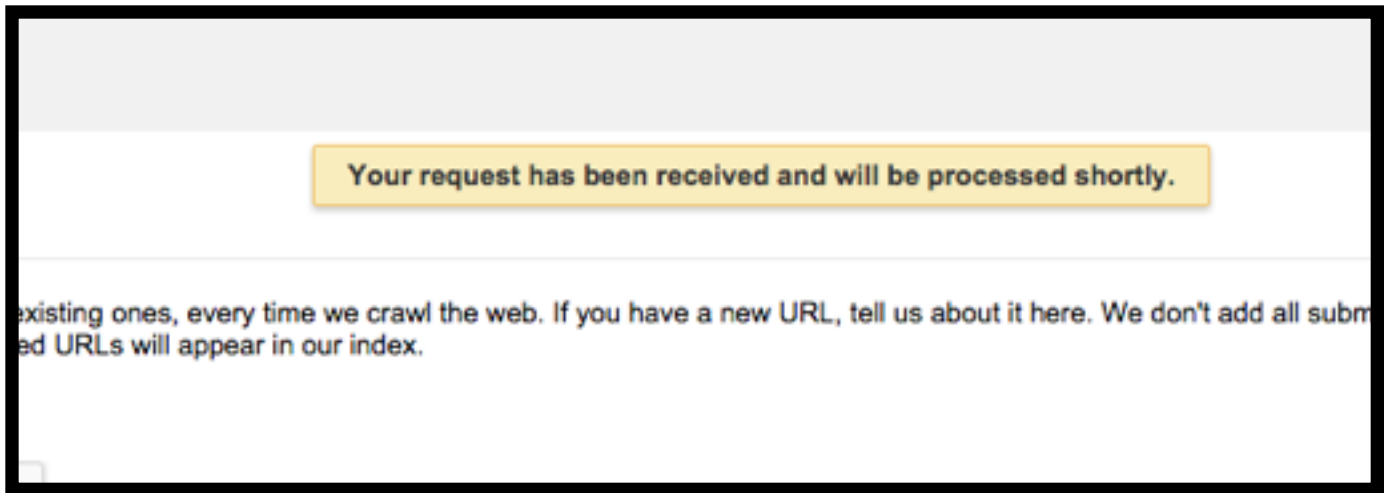

1. Paste the url that you want to submit in the box.
2. Click in the box next to "I'm not a robot"
3. Click on "Submit Request"

The screenshot shows the Google Search Console interface for adding a new URL. At the top is the Google logo. Below it is the 'Search Console' header. A paragraph explains that Google adds new sites to its index and updates existing ones. The form includes a 'URL:' label followed by a text input box, which is marked with a red '#1'. Below the input box is a reCAPTCHA section containing a checkbox labeled 'I'm not a robot' and a reCAPTCHA logo, marked with a red '#2'. At the bottom of the form is a 'Submit Request' button, marked with a red '#3'.

GOOGLE SUBMIT URL

After submission you will see a yellow box pop up, like in the image below. This is how you know that it worked and you are done.

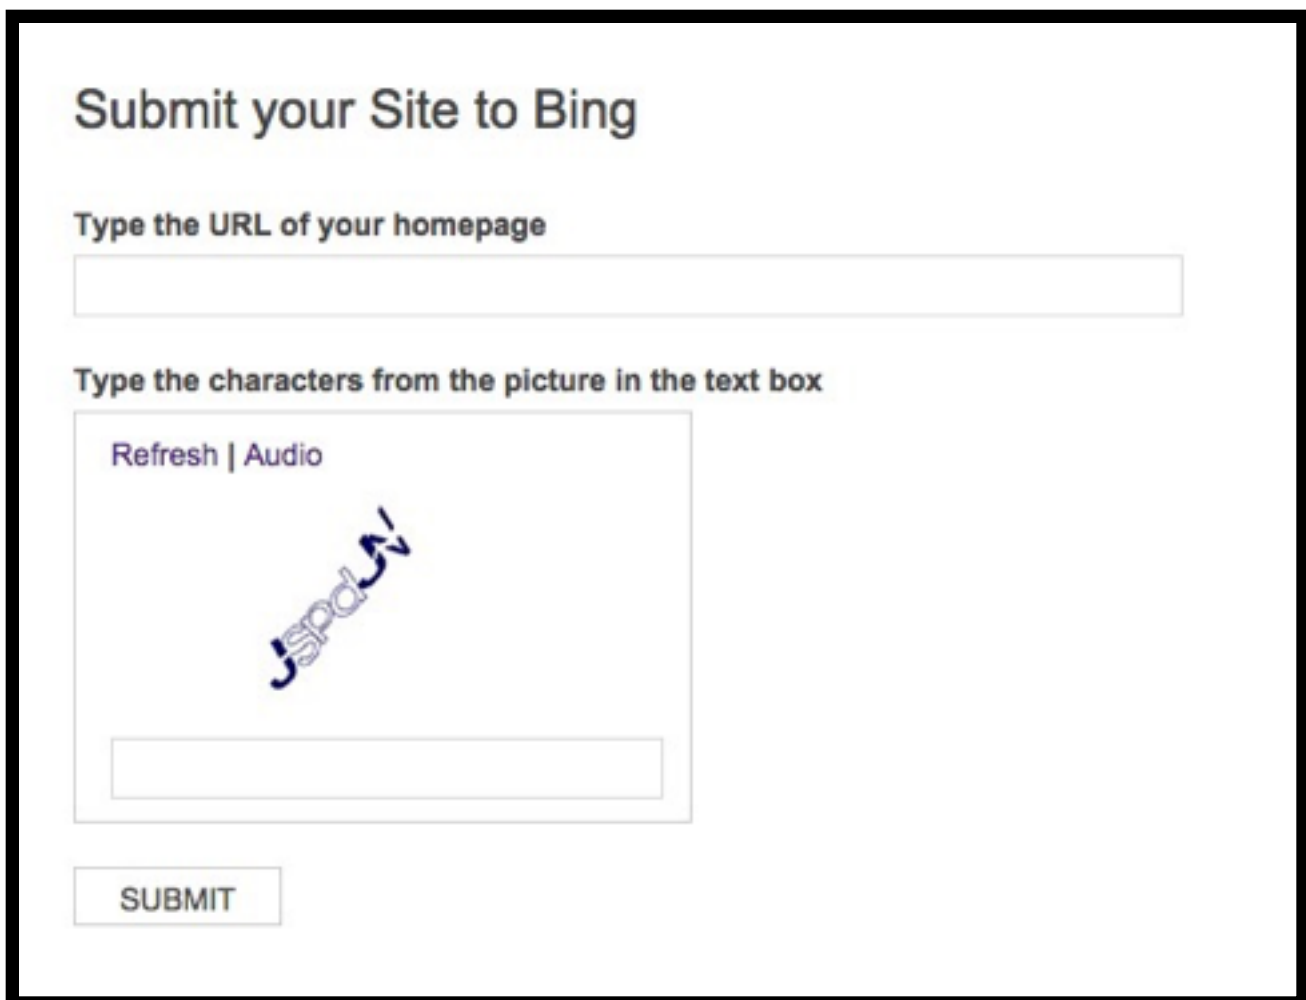

WHILE YOU DO NOT NEED TO SUBMIT YOUR ENTIRE SITE AFTER THIS INITIAL STAGE, YOU MAY WANT TO SUBMIT ANY NEW CONTENT AS IT IS CREATED. FOR EXAMPLE, I OFTEN SUBMIT NEW BLOG POSTS USING THIS PROCESS.

BING SUBMIT URL

You do not need a Bing Webmaster account or any other kind of Bing account to submit a url. Click here: <http://www.bing.com/toolbox/submit-site-url> and you will be taken to the proper site.

1. Paste the url that you want to submit in the box.
2. Type in the Capthca
3. Click on "Submit"

Once your url has been submitting you will see a big notice from bing that says" Your request was successfully submitted.

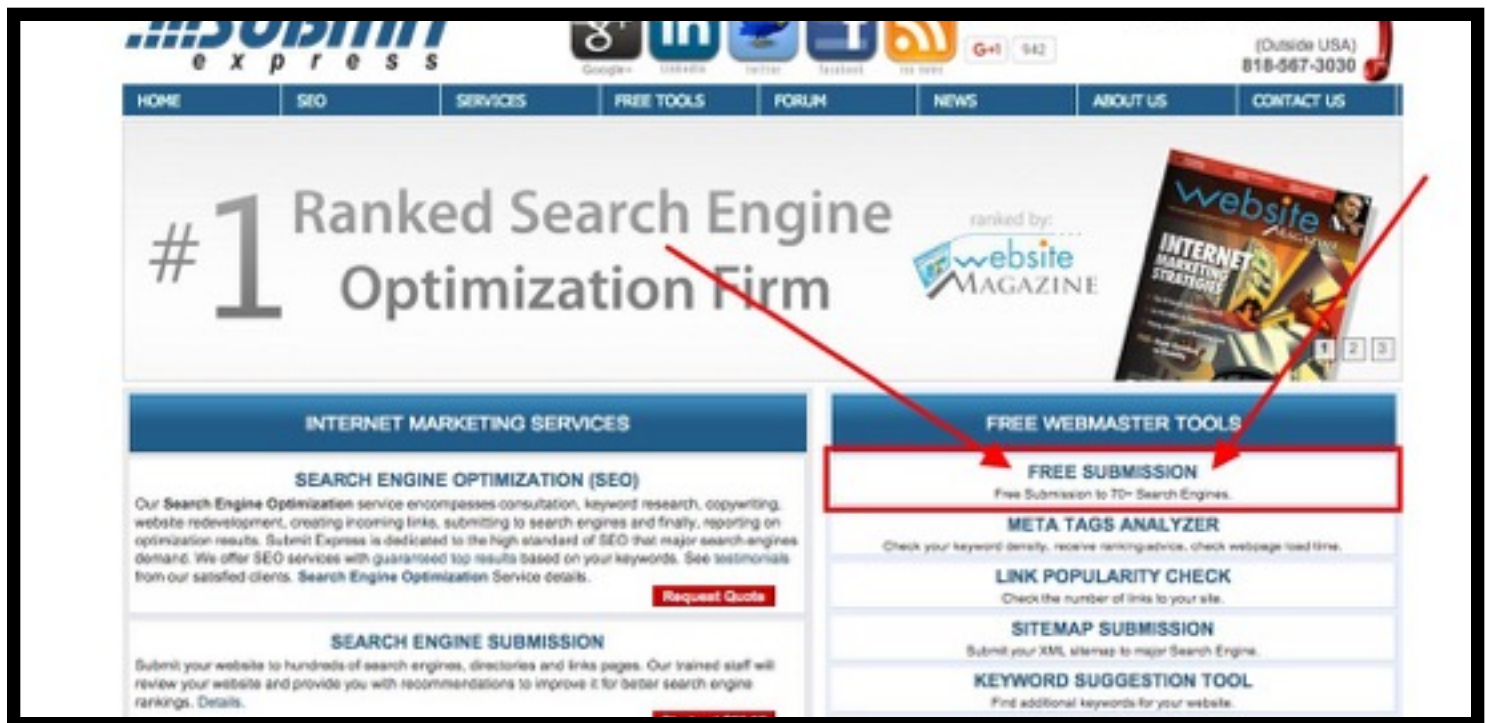

The screenshot shows the 'Submit your Site to Bing' form. It has a title 'Submit your Site to Bing' and a label 'Type the URL of your homepage' above a text input field. Below that is a label 'Type the characters from the picture in the text box' above a captcha area. The captcha area contains a 'Refresh | Audio' link, a distorted image of the word 'Jspdn', and a text input field for the captcha answer. At the bottom is a 'SUBMIT' button.

SUBMIT EXPRESS

You do not need to create an account to use Submit Express. The website is a busy one, so look at the image below for where to click.

I want to warn you now that these guys really want you to sign up for various newsletters and offers. You can say NO to each and every one of them. It is a bit of pain, so it is completely up to if this is worth it or not. Also, if you do use this service expect some initial emails. In my mind, this is the cost of getting a service for free.

SUBMIT EXPRESS

The next step in this process is to enter in all of your information.

Note that you do not need to signup for their newsletter and other options.

The link that you want to submit is your home page url. For example, I submitted: <http://iteachblogging.com>.

Our submission script will submit your website URL to 70+ top search engines for free, including Google.

⊕ Search Engines List and Details

Before you submit to the search engines, Click [here](#) to make sure you are using the right keywords within your meta tags. Then make sure that you take advantage of our free [META Tag Generator](#) for best placement. Please do not submit your URL more than once a month. Multiple submissions of the same URL to some search engines could be considered spamming and therefore may ban you from being listed.

- **Submit the main page of your site only. The rest of your site will be crawled by the search engines.**
- **Only 5 submissions in every 24 hours period are allowed.**

SUBMIT EXPRESS

This is where the annoyance really starts (see the image below). However, just have a bit of patience and say no to everything. Of course, if you see something that entices you, feel free to say yes. That is completely your choice.

Once you make all of your selects on the pop up screen, you can click on done. At that point, you will get a notification that your site has been submitted.

After you are done with your selections and hit submit, you will be redirected to a page that looks like below. Note that they are asking for you to link to them. This is 100% a choice and it not required.

The screenshot shows a confirmation page from Submit Express. At the top, under 'Freebies', there are two checkboxes: 'Save Money. Bargain Hunters Newsletter! *Confirm the request in your email to start receiving.' and 'Search Engine Journal' with the option to 'Subscribe for the latest updates and tips in search marketing.' Below these is a green checkmark icon and a 'Submit Now' button. The main body of the page is green and contains the following text: 'CONGRATULATION! SUCCESSFUL SUBMISSION!', 'THANK YOU FOR USING SUBMIT EXPRESS', 'http://teachblogging.com was submitted to the search engines listed below', 'You did not sign up for our newsletter. If you change your mind at anytime or would like to see more lists please click here.', 'WE PROVIDE THIS SERVICE FOR FREE', and 'ALL WE ASK IN RETURN IS TO PUT THE FOLLOWING LINK ON YOUR SITE'. A yellow box contains a code snippet for a search engine placement link. Below this, it says 'WHEN YOU ARE DONE, IT SHOULD LOOK LIKE THIS:' and shows a preview of a button labeled 'Submit Express' with the text 'Search Engine Placement' underneath. At the bottom, it says 'GET FREE INVALUABLE PR AND SEO TIPS' and shows a small image of a book.

ALL SITE CAFE

This is a fairly easy tool to use and no accounts are required. Go to All Site Cafe and enter your information and click "Submit."

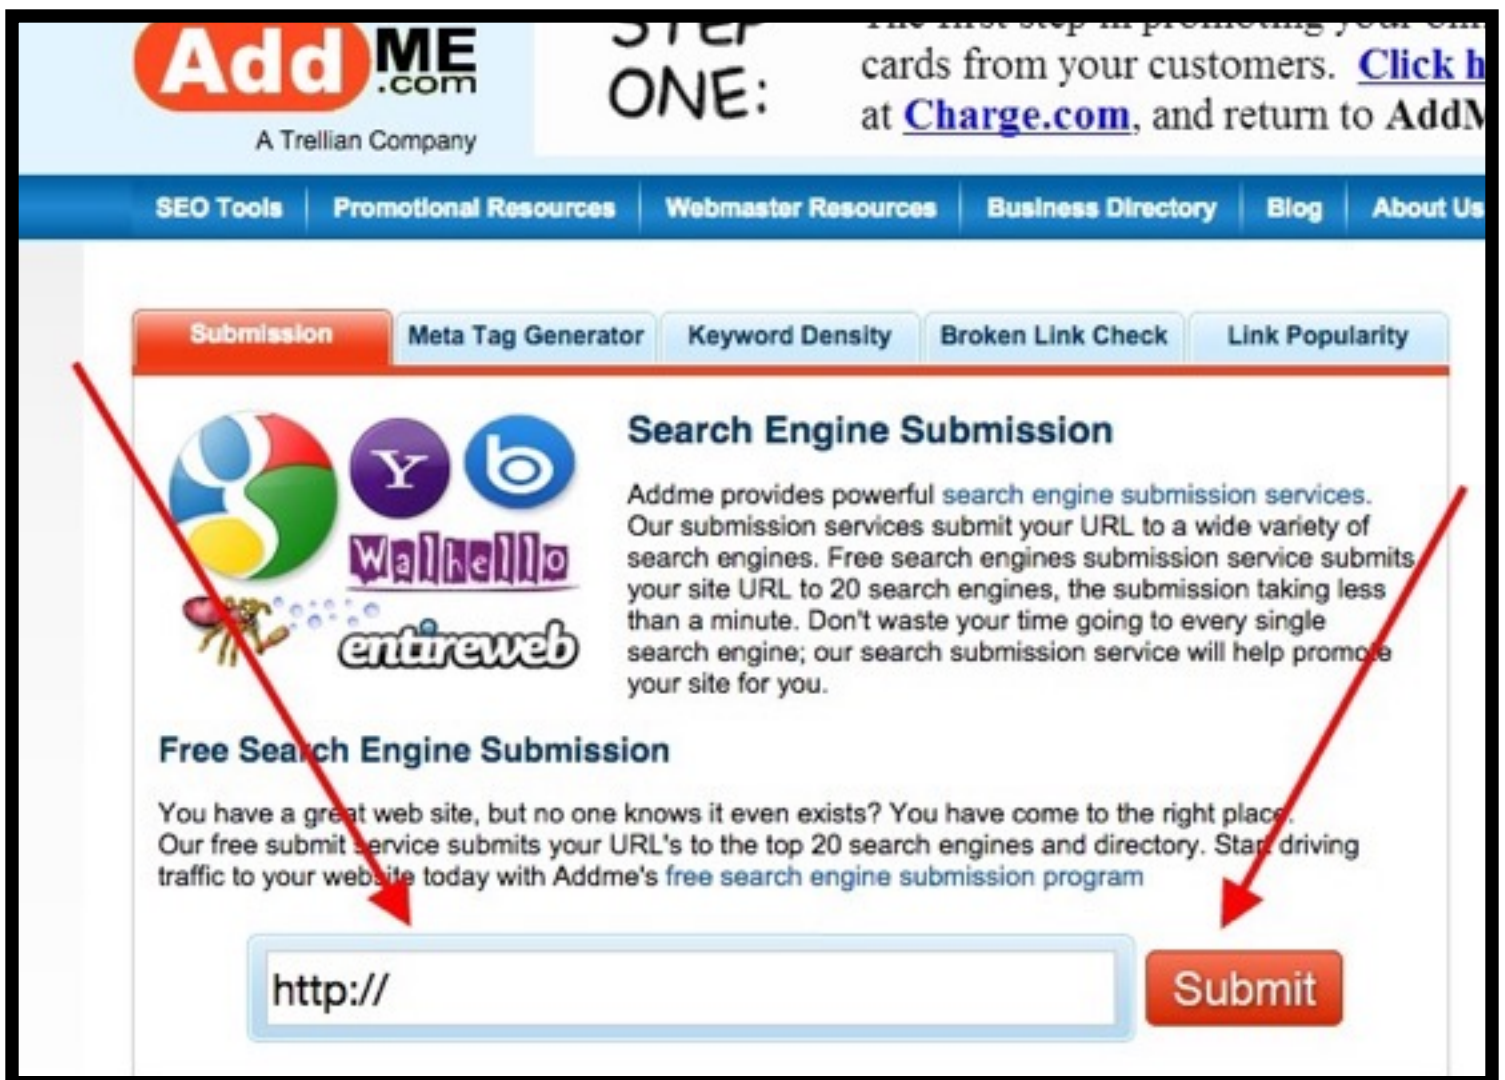

The screenshot shows a web form titled "URL Submitter Pro". The form contains several input fields: "URL address:" (with a pre-filled "http://" and a lock icon), "Email:", "Website's Title:", "Website Description:" (a large text area), "Keywords:" (with a note "separate keywords with a comma"), "Name:", and "Country:" (with a dropdown menu showing "International (United States) 75 Search Engines"). A red rectangular box highlights the "URL address:", "Email:", "Website's Title:", "Website Description:", "Keywords:", "Name:", and "Country:" fields. A red arrow points from the bottom right of this box to the "Submit" button at the bottom center of the form.

Once you are done, you will be redirect to page that will take a few moments to fully populate. Then you will see a list of sites that the submission was successful.

In the list you will see some that were unsuccessful and they will ask you to click on a link for further details. I would not click on this list. Instead, I would be happy with what worked and ignore what didn't. The choice is yours.

ADDME

Go to AddMe and you will see something similar to the image below. Go ahead and enter your room domain and click on "Submit."

The screenshot shows the AddME.com website interface. At the top, the logo "AddME.com" is displayed as "A Trellian Company". A navigation bar includes links for "SEO Tools", "Promotional Resources", "Webmaster Resources", "Business Directory", "Blog", and "About Us". Below this, a horizontal menu contains tabs for "Submission" (highlighted in red), "Meta Tag Generator", "Keyword Density", "Broken Link Check", and "Link Popularity". The main content area is titled "Search Engine Submission" and features logos for Google, Yahoo!, Bing, Walhello, and entreweb. A paragraph describes the service: "Addme provides powerful search engine submission services. Our submission services submit your URL to a wide variety of search engines. Free search engines submission service submits your site URL to 20 search engines, the submission taking less than a minute. Don't waste your time going to every single search engine; our search submission service will help promote your site for you." Below this is a section titled "Free Search Engine Submission" with a short paragraph. At the bottom, there is a text input field containing "http://" and a red "Submit" button. Two red arrows are overlaid on the image: one pointing from the top left towards the input field, and another pointing from the top right towards the "Submit" button.
